# PUBLIC COMPETITION 1

Workforce planning: 1

DEPARTMENT OF BIOMEDICINE, NEUROSCIENCE AND ADVANCED DIAGNOSTICS

## PRIORITY I

**Competition Sector:** 09/H1 - Information Processing Systems

**Scientific Sector:** ING-INF/05 - Information Processing Systems

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 - Industrial and Information Engineering
<b>Place of employment:</b>	Department of Biomedicine, Neuroscience and Advanced Diagnostics
<b>Functions to perform - type of educational and scientific commitment:</b>	The functions that the teacher will have to carry out and the type of didactic and scientific commitment are those relating to the subjects of the disciplinary scientific sector, with particular reference to skills in the applications of processing and telematic systems in the medical and health sectors.
<b>Max number of papers:</b>	25
<b>Language skills:</b>	English

## PRIORITY II

**Competition Sector:** 06/F2 - Ophthalmology

**Scientific Sector:** MED/30 - Ophthalmology

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	06 - Medicine
<b>Place of employment:</b>	Department of Biomedicine, Neuroscience and Advanced Diagnostics
<b>Location of the assistance activity:</b>	University Hospital "P. Giaccone" - Palermo
<b>Functions to perform - type of educational and scientific commitment:</b>	The functions that the teacher will have to carry out and the type of didactic and scientific commitment are those of the disciplinary scientific sector to which the procedure refers.
<b>Max number of papers:</b>	25
<b>Language skills:</b>	English

**PRIORITY III**

**Competition Sector:** 05/H1 - Human anatomy

**Scientific Sector:** BIO/16 - Human anatomy

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	05 – Biology
<b>Place of employment:</b>	Department of Biomedicine, Neuroscience and Advanced Diagnostics
<b>Functions to perform - type of educational and scientific commitment:</b>	The functions that the teacher will have to carry out and the type of didactic and scientific commitment are those of the disciplinary scientific sector to which the procedure refers.
<b>Max number of papers:</b>	25
<b>Language skills:</b>	English

## PUBLIC COMPETITION 2

Workforce planning: 1

DEPARTMENT OF CULTURE AND SOCIETY

PRIORITY I

Competition Sector: 10/F1 – Italian Literature

Scientific Sector: L-FIL-LET/10 - Italian Literature

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	10 - Antiquities, Philology, Literary Studies, Art History
<b>Place of employment:</b>	Departimento of culture and society
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The didactic commitment required includes the coverage of courses of the SSD LFIL-LET / 10 "Italian Literature" within the Bachelor's and / or Master's Degree courses, and the performance of other didactic activities related to the SSD LFIL-LET / 10 "Italian Literature" possibly planned, even at the doctoral level.</p> <p>The teaching commitment must also concern the tutoring of the degree thesis and internship activities.</p> <p>The discipline, object of this comparative evaluation, is foreseen in particular for the study courses of: Communication Sciences, Global Studies, Cultural heritage.</p> <p>The scientific activity must take place within the Competition Sector 10/F1, with reference to issues and approaches consistent with the SSD L-FIL-LET / 10 Italian Literature</p>
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

PRIORITY II

Competition Sector: 10/B1 – Art history

Scientific Sector: L-ART/04 – Art History

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	10 - Antiquities, Philology, Literary Studies, Art History
<b>Place of employment:</b>	Departimento of culture and society
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The didactic commitment required foresees the coverage of courses of the SSD LART / 04 - "Museology, artistic criticism and restoration" within the Bachelor's and / or Master's Degree courses, and the carrying out of other didactic activities related to the SSD L-ART / 04 - "Museology, artistic criticism and restoration" possibly planned, even at the doctoral level.</p>

	<p>The teaching commitment must also concern the tutoring of the degree thesis and internship activities.</p> <p>The discipline object of the comparative evaluation is foreseen in particular for the courses study of:</p> <p>Communication Sciences, Global Studies, Cultural heritage.</p> <p>The scientific activity must take place within the Competition Sector 10 / B1, with reference to the themes and approaches consistent with the SSD L-ART / 04 - "Museology, art and restoration criticism"</p>
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

### PRIORITY III

**Competition Sector:** 11/A4 – Science of Books and Documents, History of Religions

**Scientific Sector:** M-STO/07 – History of Christianity and of Churches

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	11 - History, Philosophy, Pedagogy and Psychology
<b>Place of employment:</b>	Departimento of culture and society
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The didactic commitment required foresees the coverage of courses of the SSD M-STO/07 - " History of Christianity and of Churches " within the Bachelor's and / or Master's Degree courses, and the carrying out of other didactic activities related to the SSD M-STO/07 - " History of Christianity and of Churches " possibly planned, even at the doctoral level.</p> <p>The teaching commitment must also concern the tutoring of the degree thesis and internship activities.</p> <p>The discipline object of the comparative evaluation is foreseen in particular for the courses study of:</p> <p>Communication Sciences, Global Studies, Cultural heritage.</p> <p>The scientific activity must take place within the Competition Sector 10/F1, with reference to the themes and approaches consistent with the SSD M-STO/07 - " History of Christianity and of Churches"</p>
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

# PUBLIC COMPETITION 3

Workforce planning: 1

DEPARTMENT OF ARCHITECTURE

PRIORITY I

Competition Sector: 08/F1 – Urban and Territorial Planning and Design

Scientific Sector: ICAR/21 - Urban Design and Landscape

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	08 - Civil Engineering and Architecture
<b>Place of employment:</b>	Departmento of architecture
<b>Functions to perform - type of educational and scientific commitment:</b>	The professor will have to carry out didactic, scientific, managerial and organizational activities. The professor will have to carry out teaching activities, imparting one or more subjects of the S.S.D. ICAR / 21, present in the Study Manifests of the Bachelor's and / or Master's Degree Courses of the Department of Architecture of the University of Palermo, with an hourly commitment established by the applicable laws and by the University Regulations, including any participation in the Research Doctorate. The candidate's scientific production must be congruent with the ICAR / 21 Scientific Disciplinary Sector.
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

PRIORITY II

Competition Sector: 08/C1 – Design and Technological Planning of Architecture

Scientific Sector: ICAR/13 –Design

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	08 - Civil Engineering and Architecture
<b>Place of employment:</b>	Department of Architecture
<b>Functions to perform - type of educational and scientific commitment:</b>	The professor will have to carry out didactic, scientific, managerial and organizational activities. The professor will have to carry out teaching activities, imparting one or more subjects of the S.S.D. ICAR/13, present in the Study Manifests of the Degree and/or Master's Degree Courses of the Department of Architecture of the University of Palermo, with an hourly commitment established by the applicable laws and by the University Regulations, including any participation in the Research Doctorate. The candidate's scientific production must be congruent with the ICAR/13 Scientific Disciplinary Sector.
<b>Max number of papers:</b>	12

<b>Language skills:</b>	English
-------------------------	---------

**PRIORITY III**

**Competition Sector:** 08/E2 – Conservation, Restoration and History of Architecture

**Scientific Sector:** ICAR/19 – Conservation and Restoration of Architecture

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	08 - Civil Engineering and Architecture
<b>Place of employment:</b>	Department of Architecture
<b>Functions to perform - type of educational and scientific commitment:</b>	The professor will have to carry out didactic, scientific, managerial and organizational activities. The professor will have to carry out teaching activities, imparting one or more subjects of the S.S.D. ICAR/19, present in the Study Manifests of the Degree and/or Master's Degree Courses of the Department of Architecture of the University of Palermo, with an hourly commitment established by the applicable laws and by the University Regulations, including any participation in the Research Doctorate. The candidate's scientific production must be congruent with the ICAR/19 Scientific Disciplinary Sector.
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

# PUBLIC COMPETITION 4

Workforce planning: 1

DEPARTMENT OF POLITICAL SCIENCES AND INTERNATIONAL RELATIONS

## PRIORITY I

**Competition Sector:** 12/B1 – Business law

**Scientific Sector:** IUS/04 - Business law

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	12 – Law Studies
<b>Place of employment:</b>	Department of political sciences and international relations
<b>Functions to perform - type of educational and scientific commitment:</b>	The Department requires a professor able to meet the educational needs, relating to the scientific disciplinary sector to which they belong, provided for in the degree courses based on the Department and / or interdepartmental, including any participation in the Research Doctorate. On the scientific level, the professor will be engaged in research to be carried out in the field outlined by the scientific-disciplinary sector of reference.
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

## PRIORITY II

**Competition Sector:** 12/E2 – Comparative law

**Scientific Sector:** IUS/02 - Comparative private law

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	12 – Law Studies
<b>Place of employment:</b>	Department of political sciences and international relations
<b>Functions to perform - type of educational and scientific commitment:</b>	The Department requires a professor able to meet the educational needs, relating to the scientific disciplinary sector to which they belong, provided for in the degree courses based on the Department and / or interdepartmental, including any participation in the Research Doctorate. On the scientific level, the professor will be engaged in research to be carried out in the field outlined by the scientific-disciplinary sector of reference.
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

**PRIORITY III**

**Competition Sector:** 12/D2 – Tax law

**Scientific Sector:** IUS/12 - Tax law

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	12 - Law Studies
<b>Place of employment:</b>	Department of political sciences and international relations
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The Department requires a professor able to meet the educational needs, relating to the scientific disciplinary sector to which they belong, provided for in the degree courses based on the Department and / or interdepartmental, including any participation in the Research Doctorate.</p> <p>On the scientific level, the professor will be engaged in research to be carried out in the field outlined by the scientific-disciplinary sector of reference.</p>
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

# PUBLIC COMPETITION 5

Workforce planning: 1

DEPARTMENT OF PHYSICS AND CHEMISTRY

## PRIORITY I

**Competition Sector:** 02/B1 – Experimental Physics of Matter

**Scientific Sector:** FIS/01 - Experimental Physics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	02 - Physics
<b>Place of employment:</b>	Department of Physics and Chemistry - Emilio Segrè
<b>Functions to perform - type of educational and scientific commitment:</b>	The tasks that the teacher will have to carry out, and the type of scientific and didactic commitment, are those relating to the ministerial declaration inherent in the scientific disciplinary sector to which the procedure refers.
<b>Max number of papers:</b>	18
<b>Language skills:</b>	English

## PRIORITY II

**Competition Sector:** 02/D1 – Applied Physics, Physics Teaching and History of Physics

**Scientific Sector:** FIS/08 - Physics Teaching and History of Physics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	02 - Physics
<b>Place of employment:</b>	Department of Physics and Chemistry - Emilio Segrè
<b>Functions to perform - type of educational and scientific commitment:</b>	The tasks that the teacher will have to carry out, and the type of scientific and didactic commitment, are those relating to the ministerial declaration inherent in the scientific disciplinary sector to which the procedure refers.
<b>Max number of papers:</b>	18
<b>Language skills:</b>	English

**PRIORITY III**

**Competition Sector:** 02/D1 – Applied Physics, Physics Teaching and History of Physics

**Scientific Sector:** FIS/07 - Applied Physics (to Cultural and Environmental heritage, Biology and Medicine)

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	02 - Physics
<b>Place of employment:</b>	Department of Physics and Chemistry - Emilio Segrè
<b>Functions to perform - type of educational and scientific commitment:</b>	The tasks that the teacher will have to carry out, and the type of scientific and didactic commitment, are those relating to the ministerial declaration inherent in the scientific disciplinary sector to which the procedure refers.
<b>Max number of papers:</b>	18
<b>Language skills:</b>	English

# PUBLIC COMPETITION 6

Workforce planning: 1

DEPARTMENT OF EARTH AND SEA SCIENCES

PRIORITY I

**Competition Sector:** 04/A3 – Engineering Geology, Physical Geography and Geomorphology

**Scientific Sector:** GEO/04 - Physical Geography and Geomorphology

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	04 - Earth sciences
<b>Place of employment:</b>	Department of earth and sea sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The winning candidate will have to take on teaching duties for at least 12 CFU to cover the courses included in the SSD GEO / 04 and present in the educational offers of the Department. In addition he/she will have to supervise and tutor PhD students and research fellows. The candidate must participate fully in the planning and management of the Department's teaching activities, also assuming full responsibility for them.</p> <p>The scientific commitment of the winning candidate must be carried out in the field of Physical Geography, Geomorphology applied, with particular regard to GIS applications, to the analysis of landslides and water erosion and to the production of models and maps of the associated susceptibility / hazard.</p>
<b>Max number of papers:</b>	18
<b>Language skills:</b>	English

PRIORITY II

**Competition Sector:** 05/C1 – Ecology

**Scientific Sector:** BIO/07 - Ecology

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	05 - Biology
<b>Place of employment:</b>	Department of earth and sea sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	<p>The winning candidate will have to take on teaching duties for at least 12 CFU to cover the courses included in the SSD BIO/07 and present in the educational offers of the Department. In addition he/she will have to supervise and tutor PhD students and research fellows. The candidate must participate fully in the planning and management of the Department's teaching activities, also assuming full responsibility for them.</p> <p>The scientific commitment of the candidate who will be the winner of the procedure it will have to be carried out in the field of Ecology, with particular reference to the ecology and conservation of the</p>

	marine environment, to the study of the impacts of anthropogenic activities on natural systems and the ecology of the benthos
<b>Max number of papers:</b>	20
<b>Language skills:</b>	English

**DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE**

**PRIORITY III**

**Competition Sector:** 01/B1 – Informatics

**Scientific Sector:** INF/01 - Informatics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	01 - Mathematics and Informatics
<b>Place of employment:</b>	Department of mathematics and computer sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	The teaching commitment required concerns the coverage of courses of the SSD INF / 01 or related sectors. The commitment to cover courses for 120 hours of frontal teaching per year is required. The scientific commitment concerns research activities in computer science.
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

# PUBLIC COMPETITION 7

Workforce planning: 1

DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE

## PRIORITY I

**Competition Sector:** 01/A4 – Mathematical Physics

**Scientific Sector:** MAT/07 - Mathematical Physics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	01 - Mathematics and Informatics
<b>Place of employment:</b>	Department of mathematics and computer sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	The teaching commitment includes the coverage of courses in SSD MAT/07 or in any case included in the competition sector 01/A4, as well as basic mathematics courses. A commitment to cover courses for 120 hours of frontal teaching per year is required. The scientific commitment concerns research activities in Mathematical Physics
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

## PRIORITY II

**Competition Sector:** 01/A2 – Geometry and Algebra

**Scientific Sector:** MAT/02 - Algebra

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	01 - Mathematics and Informatics
<b>Place of employment:</b>	Department of mathematics and computer sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	The teaching commitment includes the coverage of courses in SSD MAT/02 or related sectors. A commitment to cover courses for 120 hours of frontal teaching per year is required. The scientific commitment concerns research activities in Algebra
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

**PRIORITY III**

**Competition Sector:** 01/A1 – Mathematical Logic, Mathematics Education and History of Mathematics

**Scientific Sector:** MAT/04 - Mathematics Education and History of Mathematics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	01 - Mathematics and Informatics
<b>Place of employment:</b>	Department of mathematics and computer sciences
<b>Functions to perform - type of educational and scientific commitment:</b>	The teaching commitment includes the coverage of courses in SSD MAT/04 or related sectors. A commitment to cover courses for 120 hours of frontal teaching per year is required. The scientific commitment concerns research activities in Didactics and History of Mathematics
<b>Max number of papers:</b>	12
<b>Language skills:</b>	English

# PUBLIC COMPETITION 8

Workforce planning: 1

DEPARTMENT OF ENGINEERING

## PRIORITY I

**Competition Sector:** 03/B2 – Principles of Chemistry for Applied Technologies

**Scientific Sector:** CHIM/07 - Principles of Chemistry for Applied Technologies

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	03 - Chemistry
<b>Place of employment:</b>	Department of Engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

## PRIORITY II

**Competition Sector:** 09/G2 – Bioengineering

**Scientific Sector:** ING-INF/06 - Electronic and Informatics Bioengineering

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 - Industrial and information engineering
<b>Place of employment:</b>	Department of Engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

## PRIORITY III

**Competition Sector:** 09/A2 – Applied Mechanics

**Scientific Sector:** ING-IND/13 - Applied Mechanics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 - Industrial and information engineering
<b>Place of employment:</b>	Department of Engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	15

<b>Language skills:</b>	English
-------------------------	---------

# PUBLIC COMPETITION 9

Workforce planning: 1

DEPARTMENT OF ENGINEERING

PRIORITY I

**Competition Sector:** 09/D2 – Systems, Methods and Technologies of Chemical and Process Engineering

**Scientific Sector:** ING-IND/26 – Analysis, Design and Control of Chemical Processes

Places	1
CUN (Italian National University Council ) Area	09 - Industrial and information engineering
Place of employment:	Department of Engineering
Functions to perform - type of educational and scientific commitment:	Research and teaching in the study courses of the Department of Engineering
Max number of papers:	20
Language skills:	English

PRIORITY II

**Competition Sector:** 09/A3 – Industrial Design, Machine Construction and Metallurgy

**Scientific Sector:** ING-IND/15 – Design Methods for Industrial Engineering

Places	1
CUN (Italian National University Council ) Area	09 - Industrial and information engineering
Place of employment:	Department of Engineering
Functions to perform - type of educational and scientific commitment:	Research and teaching in the study courses of the Department of Engineering
Max number of papers:	15
Language skills:	English

PRIORITY III

**Competition Sector:** 08/B1 – Geotechnics

**Scientific Sector:** ICAR/07 - Geotechnics

Places	1
CUN (Italian National University Council ) Area	08 – Civil Engineering and Architecture
Place of employment:	Department of Engineering
Functions to perform - type of educational and scientific commitment:	Research and teaching in the study courses of the Department of Engineering
Max number of papers:	15

<b>Language skills:</b>	English
-------------------------	---------

# PUBLIC COMPETITION 10

Workforce planning: 1

DEPARTMENT OF ENGINEERING

PRIORITY I

**Competition Sector:** 09/C2 – Technical Physics and Nuclear Engineering

**Scientific Sector:** ING-IND/11 - Environmental Technical Physics

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 - Industrial and information engineering
<b>Place of employment:</b>	Department of engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	16
<b>Language skills:</b>	English

PRIORITY II

**Competition Sector:** 09/C1 – Fluid machinery, energy systems and power generation

**Scientific Sector:** ING-IND/08 – Fluid Machinery

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 - Industrial and information engineering
<b>Place of employment:</b>	Department of Engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

PRIORITY III

**Competition Sector:** 08/B3 – Structural engineering

**Scientific Sector:** ICAR/09 – Structural engineering

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	09 – Civil engineering and architecture
<b>Place of employment:</b>	Department of Engineering
<b>Functions to perform - type of educational and scientific commitment:</b>	Research and teaching in the study courses of the Department of Engineering
<b>Max number of papers:</b>	15
<b>Language skills:</b>	English

# PUBLIC COMPETITION 11

Workforce planning: 1

DEPARTMENT OF PROMOTION OF HEALTH, MATERNAL AND INFANTILE, OF INTERNAL MEDICINE AND SPECIALISTIC OF EXCELLENCE "G. D'ALESSANDRO " (PROMISE)

PRIORITY I

Competition Sector: 06/A3 – Microbiology and Clinical Microbiology

Scientific Sector: MED/07 - Microbiology and Clinical Microbiology

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	06 – Medicine
<b>Place of employment:</b>	Department of promotion of health, maternal and infantile, of internal medicine and specialistic of excellence "G. D'Alessandro" (PROMISE) – University hospital "Paolo Giaccone"
<b>Functions to perform - type of educational and scientific commitment:</b>	<p><b>Teaching commitment:</b> The candidate must carry out his teaching activity as a teacher in integrated courses within the Master's Degree Courses and other Degree Courses of the School of Medicine. He will also have to carry out teaching functions within the Postgraduate School of Microbiology and, subordinately, in other Postgraduate Schools of the School of Medicine. He will have to be responsible for the development of the degree/specialization theses of students of the Degree Courses and Specialization Schools. He/she will use the facilities of both the University Department and the School of Medicine, as well as other University resources where appropriate, to carry out the teaching activity.</p> <p><b>Scientific Commitment:</b> The candidate must have a solid background in basic and clinical sciences relating to the field of Clinical Microbiology and Microbiology. He will have to carry out his own research activity by participating in the development of projects on issues related to the areas of interest of the sector, and gradually developing design autonomy. He/she will use the facilities of both the University Department and the School of Medicine, as well as other University resources where appropriate, to carry out the research activity.</p> <p><b>Type of care commitment:</b> In terms of care, the candidate will carry out his or her care activity as a Medical Health Manager at a Microbiological Operating Unit of the University Hospital or, upon stipulation of a specific agreement, at a Health Authority affiliated with the NHS.</p>
<b>Max number of papers:</b>	20
<b>Language skills:</b>	English

**PRIORITY II**

**Competition Sector:** 06/D1 – Cardiovascular and Respiratory Diseases

**Scientific Sector:** MED/10 - Respiratory Diseases

<b>Places</b>	1
<b>CUN (Italian National University Council ) Area</b>	06 – Medicine
<b>Place of employment:</b>	Department of promotion of health, maternal and infantile, of internal medicine and specialistic of excellence “G. D’Alessandro” (PROMISE) – University hospital “Paolo Giaccone”
<b>Functions to perform - type of educational and scientific commitment:</b>	<p><b>Teaching commitment:</b> The candidate must carry out his teaching activity as a teacher in integrated courses within the Master's Degree Courses and other Degree Courses of the School of Medicine. He will also have to carry out teaching functions within the Postgraduate School of Microbiology and, subordinately, in other Postgraduate Schools of the School of Medicine.
