#	DEPARTMENT	ACADEMIC RECRUITMENT FIELD	ACADEMIC DISCIPLINE
1	CULTURES AND SOCIETIES	11/C4	<a href="#">M-FIL/05</a> - Philosophy and theory of language
2		10/B1	<a href="#">L-ART/02</a> - History of modern art
3		10/A1	<a href="#">L-ANT/09</a> - Ancient topography
4	POLITICAL SCIENCES AND INTERNATIONAL RELATIONS	14/B1	<a href="#">SPS/02</a> - History of political thought
5	SURGICAL, ONCOLOGICAL AND STOMATOLOGICAL DISCIPLINES	06/L1	<a href="#">MED/41</a> - Anaesthesiology
6	MATHEMATICS AND INFORMATICS	01/B1	<a href="#">INF/01</a> - Informatics
7	HEALTH PROMOTION, MOTHER AND CHILD CARE, INTERNAL MEDICINE AND MEDICAL SPECIALTIES	06/M1	<a href="#">MED/01</a> - Medical statistics
8		06/A3	<a href="#">MED/07</a> - Microbiology and clinical microbiology
9		06/A4	<a href="#">MED/08</a> - Pathology
10	ECONOMICS AND STATISTICAL SCIENCES	13/D3	<a href="#">SECS-S/04</a> - Demografy
11	HUMANITIES	10/N1	<a href="#">L-OR/12</a> - Arabic language and literature
12		11/C5	<a href="#">M-FIL/08</a> - History of medieval philosophy

**DEPARTMENT OF CULTURES AND SOCIETIES**

<b>Academic Recruitment Field</b>	11/C4 – Aesthetics and philosophy of language
<b>Academic Discipline</b>	M-FIL/05 – Philosophy and theory of language
<b>Location of the activity:</b>	Department of Cultures and Societies
<b>Location of the teaching activity:</b>	Department of Cultures and Societies
<b>Activity to be performed - type of teaching and scientific commitment:</b>	Teaching and scientific activities in the study courses: L20 Communication sciences LM 92 Communication of cultural heritage
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

<b>Academic Recruitment Field</b>	10/B1 - Art history
<b>Academic Discipline</b>	L-ART/02 – History of modern art
<b>Location of the activity:</b>	Department of Cultures and Societies
<b>Location of the teaching activity:</b>	Department of Cultures and Societies
<b>Activity to be performed - type of teaching and scientific commitment:</b>	Teaching and scientific activities in the study courses: L1 Cultural heritage L15 Tourism, territories and business (TP) LM 89 Art history
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

<b>Academic Recruitment Field</b>	10/A1 - Archaeology
<b>Academic Discipline</b>	L-ANT/09 - Ancient topography
<b>Location of the activity:</b>	Department of Cultures and Societies
<b>Location of the teaching activity:</b>	Department of Cultures and Societies
<b>Activity to be performed - type of teaching and scientific commitment:</b>	Teaching and scientific activities in the study courses: L1 Cultural heritage LM2 Archaeology
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

**DEPARTMENT OF POLITICAL SCIENCES AND INTERNATIONAL RELATIONS**

<b>Academic Recruitment Field</b>	14/B1 -- History of political thought and institutions
<b>Academic Discipline</b>	SPS/02 - History of political thought
<b>Location of the activity:</b>	Department of Political sciences and international relations
<b>Location of the teaching activity:</b>	Department of Political sciences and international relations
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p>Participation in the management activities of the Department, with particular reference to collaboration in the organization and management of the activities characterizing the academic discipline SPS/02.</p> <p>The required teaching commitment is related to the coverage of academic discipline SPS/02 courses in the bachelor's and/or master's degree courses for which the Department is the reference location, in accordance with the provisions of national legislation and University regulations.</p> <p>The scientific commitment required is to carry out research activities, with reference to the issues of the SPS/02 sector, as required by the competent declaration.</p> <p>In particular, it concerns the historical reconstruction and critical analysis of all the manifestations of human thought which, through a variety of sources and through treatises and essays and in the form of guiding ideas, doctrines, theories, philosophies, programs, languages and ideologies, express reflections of a theoretical and/or practical-propositive nature, regarding the phenomena of social life and political power, as well as their founding values.</p>
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

**DEPARTMENT OF SURGICAL, ONCOLOGICAL AND STOMATOLOGICAL DISCIPLINES**

<b>Academic Recruitment Field</b>	06/L1 - Anaesthesiology
<b>Academic Discipline</b>	MED/41 - Anaesthesiology
<b>Location of the activity:</b>	Department of Surgical, Oncological and Stomatological Disciplines
<b>Location of the teaching activity:</b>	Territorial hubs
<b>Location of the carrying out care activities:</b>	University Hospital of Palermo "Paolo Giaccone" Anesthesia, Resuscitation and Intensive Care Unit cod.49.01
<b>Activity to be performed - type of teaching and scientific commitment:</b>	Teaching activity required in the Degree Courses of the Territorial Campuses and the School of Medicine and Surgery, according to the needs of the teaching regulations of the discipline and of the academic discipline Med 41 Anesthesiology. The scientific activity also includes national and international collaborations, in the fields of academic discipline MED 41 Anesthesiology and Perioperative Medicine, Intensive Care and Pain Therapy
<b>Maximum number of papers:</b>	16
<b>Language skills:</b>	English

**DEPARTMENT OF MATHEMATICS AND INFORMATICS**

<b>Academic Recruitment Field</b>	01/B1 – Informatics
<b>Academic Discipline</b>	INF/01 – Informatics
<b>Location of the activity:</b>	Department of Mathematics and Informatics
<b>Location of the teaching activity:</b>	Department of Mathematics and Informatics
<b>Activity to be performed - type of teaching and scientific commitment:</b>	The required teaching commitment concerns the coverage of courses in the academic discipline INF/01 or similar sectors. The scientific commitment concerns research activities in computer science
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

**DEPARTMENT OF HEALTH PROMOTION, MATERNAL-CHILD, EXCELLENCE  
INTERNAL AND SPECIALIST MEDICINE (PROMISE);**

<b>Academic Recruitment Field</b>	06/M1 – General and applied hygiene, nursing sciences and medical statistics
<b>Academic Discipline</b>	MED/01 – Medical statistics
<b>Location of the activity:</b>	Department of health promotion, maternal-child, excellence internal and specialist medicine (PROMISE); University Hospital of Palermo “Paolo Giaccone” (or affiliated locations). University of Palermo
<b>Location of the teaching activity:</b>	The School of Medicine
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p>TYPE OF TEACHING COMMITMENT: The candidate will have to carry out his teaching activity as a teacher in integrated courses within the Master's Degree Courses and other Degree Courses of the School of Medicine. The winner will carry out teaching activities for at least five years (even in the event of moving to the role of associate professor during the five-year period) in courses of study present in the territorial centres. He will also be able to carry out teaching and support functions within the School of Specialization in Health Statistics and Biometry and subordinately in other Specialization Schools of the School of Medicine. He will be able to assist in the development of degree/specialization theses and the activities of students of degree courses and specialization schools. He will use the facilities of the University Department and the School of Medicine, as well as other University resources where appropriate, to carry out the teaching activity.</p> <p>The candidate must be interested in scientific and educational - training activities in the field of medical statistics, epidemiological, biostatistical and health organization methodologies applied to clinics, public health and evidence-based medicine (EBM), including design, analysis and evaluation of both experimental and observational studies in medicine, biology, veterinary medicine, pharmacology, genetics and genomics, the identification of risk factors and the evaluation of health policies, the impact of interventions and bio-banking analyses. and socio-health databases and environmental factors affecting health.</p> <p>He will have to carry out his research activity by assisting in the development of projects on topics related to the design, analysis and evaluation of both experimental and observational studies in medicine and dentistry, progressively developing project autonomy.</p> <p>He will have to carry out his research activity by assisting in the development of projects on topics related to diseases of the elderly, work-related diseases and patients with autism spectrum disorders, highlighting a propensity for multidisciplinary collaboration.</p> <p>It will use the University Department's own structures, as well as other University resources where appropriate, to carry out the research activity</p>
<b>Maximum number of papers:</b>	15
<b>Language skills:</b>	English

<b>Academic Recruitment Field</b>	06/A3 Microbiology and clinical microbiology
<b>Academic Discipline</b>	MED/07 Microbiology and clinical microbiology
<b>Location of the activity:</b>	Department of health promotion, maternal-child, excellence internal and specialist medicine (PROMISE); University Hospital of Palermo "Paolo Giaccone" (or affiliated locations). University of Palermo
<b>Location of the teaching activity:</b>	The School of Medicine
<b>Location of the carrying out care activities</b>	The candidate will carry out his/her healthcare activity as a Medical or Healthcare Manager at a specialized Microbiological Operating Unit of the "Paolo Giaccone" University Hospital or, upon stipulation of a specific agreement, at a Healthcare Company affiliated with the NHS
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p><b>TYPE OF TEACHING COMMITMENT:</b> The candidate will have to carry out his teaching activity as a teacher in integrated courses of the Master's Degree Courses and other Degree Courses of the School of Medicine. The winner will carry out teaching activities for at least five years (even in the event of moving to the role of associate professor during the five-year period) in courses of study present in the territorial centres. He will also be able to carry out teaching and support functions within the School of Specialization in Microbiology and Virology and, subordinately, in other Specialization Schools of the School of Medicine. He will be able to assist in the development of degree/specialization theses and the activities of students of degree courses and specialization schools. He will use facilities of the University Department and the School of Medicine, as well as other University resources, where appropriate, to carry out the teaching activity.</p> <p>The candidate will have to carry out scientific and educational-training activities, as well as assistance activities appropriate to them in the field of microbiology, and medical and clinical microbiology in their aspects of basic and applied research. Must have skills in the study of the cellular and molecular bases of microbial pathogenicity, microorganism-host interactions and systems biology, infections and immunity, therapeutic monitoring of antimicrobial drugs, microbial biotechnologies and their applications in molecular diagnostics, cellular, molecular therapy and gene. Fields of disciplinary interest are bacteriology, virology, mycology, medical and clinical parasitology, vaccinia and the diagnostic-clinical aspects of virological and parasitological microbiological analysis.</p> <p>He will have to carry out his research activity by assisting in the development of projects on topics related to the areas of interest of the sector, progressively developing project autonomy.</p> <p>His activity must pay particular attention to the following aspects: study of the cellular and molecular bases of microbial pathogenicity, microorganism-host interactions, microbial biotechnologies; fields of interest are bacteriology, virology, mycology and parasitology and the diagnostic-clinical aspects of microbiological and virological analysis.</p> <p>He will use the University Department's own facilities, as well as other University resources where appropriate, to carry out the research activity.</p>
<b>Maximum number of papers:</b>	15
<b>Language skills:</b>	English

<b>Academic Recruitment Field</b>	06/A4 – Pathology
<b>Academic Discipline</b>	MED/08 – Pathology
<b>Location of the activity:</b>	Department of health promotion, maternal-child, excellence internal and specialist medicine (PROMISE); University Hospital of Palermo “Paolo Giaccone” (or affiliated locations). University of Palermo
<b>Location of the teaching activity:</b>	The School of Medicine
<b>Location of the carrying out care activities</b>	The candidate will carry out his/her healthcare activity as a Medical or Healthcare Manager at a specialized Microbiological Operating Unit of the “Paolo Giaccone” University Hospital or, upon stipulation of a specific agreement, at a Healthcare Company affiliated with the NHS
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p>TYPE OF TEACHING COMMITMENT: The candidate will have to carry out his teaching activity as a teacher in integrated courses of the Master's Degree Courses and other Degree Courses of the School of Medicine. The winner will carry out teaching activities for at least five years (even in the event of moving to the role of associate professor during the five-year period) in study courses present in the territorial centres. He will also be able to carry out teaching and support activities within the School of Specialization in Pathological Anatomy and subordinately in other Specialization Schools of the School of Medicine. He will be able to assist in the development of degree/specialization theses and the activities of students of degree courses and specialization schools. He will use facilities of the University Department and the School of Medicine, as well as other University resources, where appropriate, to carry out the teaching activity.</p> <p>The candidate must be interested in scientific and educational-training activities, as well as in healthcare activities appropriate to it, in the field of pathological anatomy, with specific expertise in autopsy, histological, cytological, ultrastructural and molecular diagnostics, also with reference to sectors of specialized organ and system pathologies which require specific anatomical-clinical skills.</p> <p>He will have to carry out his own research activity by assisting in the development of projects on topics related to current research lines, progressively developing project autonomy. His activity will concern the following topics: autopsy, histological, cytological, ultrastructural and molecular diagnostics, with reference also to sectors of specialized organ and system pathology which involve specific anatomical-clinical skills.</p> <p>He will use the University Department's own facilities, as well as other University resources where appropriate, to carry out the research activity.</p>
<b>Maximum number of papers:</b>	15
<b>Language skills:</b>	English

**DEPARTMENT OF ECONOMICS, BUSINESS AND STATISTICS**

<b>Academic Recruitment Field</b>	13/D3 – Demography and social statistics
<b>Academic Discipline</b>	SECS-S/04 – Demography
<b>Location of the activity:</b>	Department of Economics, Business and Statistics
<b>Location of the teaching activity:</b>	Department of Economics, Business and Statistics
<b>Activity to be performed - type of teaching and scientific commitment:</b>	The scientific commitment is related to research on topics in the Scientific-Disciplinary Sector SECS-S/04 – Demography. The teaching commitment is related to degree courses of the Department of Economic, Business and Statistics Sciences, also in decentralized locations and teaching in English
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	English

**DEPARTMENT OF HUMANITIES**

<b>Academic Recruitment Field</b>	10/N1 – Culture del Vicino Oriente antico, del Medio Oriente e dell'Africa
<b>Academic Discipline</b>	L-OR/12 – Lingua e letteratura araba
<b>Location of the activity:</b>	Department of Humanities
<b>Location of the teaching activity:</b>	Department of Humanities – sites in Palermo and in Agrigento.
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p>The required teaching commitment is to cover the courses of the academic discipline L-OR/12 of the Bachelor's and/or Master's Degree courses with particular attention to the needs of the study courses based in the relevant Department, up to a maximum of hours of teaching activity available for the academic discipline and in any case according to current laws and regulations. The teaching commitment may also concern participation in the activities of the doctorates relating to the Department, and the tutoring of doctoral theses, degree theses and internship activities.</p> <p>The teaching activity must be carried out (even in the case of transition to the role of associate professor during the five-year period) for at least five years also at the University Center of Agrigento.</p> <p>The scientific activity must be carried out according to the declaration of the Competition Sector 10/N1, with reference to the topics specific to the academic discipline L-OR/12 Arabic Language and Literature. The teacher will also have to engage in the research activities of the Department, taking action to maintain and further promote a network of academic and scientific relationships with national and international research groups in the area of Arabic language and literature.</p> <p>The teacher must actively participate in the life of the University, consistently with the indications of the Statute of the University of Palermo.</p>
<b>Maximum number of papers:</b>	12
<b>Language skills:</b>	Arabic

<b>Academic Recruitment Field</b>	11/C5 – History of philosophy
<b>Academic Discipline</b>	M-FIL/08 History of medieval philosophy
<b>Location of the activity:</b>	Department of Humanities
<b>Location of the teaching activity:</b>	Department of Humanities
<b>Activity to be performed - type of teaching and scientific commitment:</b>	<p>The required teaching commitment is the coverage of courses of the M-FIL-08 academic discipline within the Bachelor's and/or Master's Degree Courses with particular attention to the needs of the Degree Courses based in the relevant Department, up to a maximum of hours of teaching activities. teaching available for the academic DISCIPLINE and in any case according to current laws and regulations.</p> <p>The teaching commitment may also concern participation in the activities of the doctorates relating to the Department, as well as the tutoring of doctoral theses, degree theses and internship activities.</p> <p>The scientific activity must be carried out consistently with the declaration of Competition Sector 11/C5, with reference to the themes of M-FIL-08 History of Medieval Philosophy.</p> <p>The teacher will also have to engage in the research activities of the Department, taking action to maintain and further promote a network of academic and scientific relationships with national and international research groups in the field of the history of medieval philosophy.
