

Seminar:

Thursday, November 3rd 2022, Seminar, 15:00 h

Aula A, DIFC, Via Archirafi 36

“Nobel Unfolded 2022”

Prof. Massimo Palma, Department of Physics and Chemistry – Emilio Segrè, University of Palermo

Keywords: Nobel 2022, Quantum Optics, Quantum Theory

ABSTRACT

A walk that will take us between heated debates between the fathers of quantum theory, sinister remote actions, quantum teleportation and secret quantum codes.
