Percorsi di edutainment nella didattica per competenze in contesti multiculturali

Rossella Mosca - Ufficio Scolastico Chieti-Pescara

Il termine edutainment nasce nel 1973 da Robert Heyman, produttore di documentari per il National Geographic, dalla fusione di education (istruzione) e entertainment (divertimento). In didattica edutainment richiama i percorsi educativi che rinforzano, nel processo di apprendimento, la curiosità, le abilità creative e l'interattività.
